BANKING

RBI to Make Available an Additional ₹5,000 Cr to Standalone Primary Dealers

Reserve Bank of India (RBI) has decided to make available an additional aggregate amount of ₹5,000 crore to Standalone Primary Dealers (SPDs) under the Standing Liquidity Facility at the prevailing repo rate starting from January 31, 2024.

The incremental limit for individual SPDs is being conveyed to them separately.

The repo rate (the interest rate at which banks draw liquidity from the RBI to overcome short-term liquidity mismatches) is at 6.50 per cent.

The banking system has been facing a liquidity deficit since September 2024, with the deficit standing at about ₹2.68 lakh crore as of January 29, 2024.

The central bank allotted ₹25,008 crore to the bidders at a weighted average rate of 6.74 per cent.

PDs' role in the government securities market includes functioning as a link between the RBI and the investors, providing liquidity in the secondary market, and offering market-making services.

ECONOMY

IMF Upgrades India's GDP Growth Rate To 6.7 Percent

IMF has upgraded India's GDP growth rate to 6.7 percent for the current financial year, which is 40 basis points higher than its previous forecast of 6.3 percent.

In its latest World Economic Outlook report, IMF also raised India's upward medium-term GDP growth to 6.5 percent for the years 2025 and 2026, marking a 20 basis point upgrade from its October 2023 forecast.

The upgraded growth estimates are attributed to strong public investment and positive labor market outcomes in India.

IMF projects a narrowing of India's current account deficit projection for the financial year 2024 from 1.8 percent of GDP to 1.6 percent.

India continues to be recognized as the fastest-growing economy among the major economies of the world, maintaining its growth momentum from the previous financial year, where GDP expanded by 7.2 percent.
