## **5th Global Fintech Fest Held in Mumbai**

The 5th Global Fintech Fest was held in Mumbai, Maharashtra.

It aims to establish itself as the premier global conference for the global fintech ecosystem, promote collaboration, and influence the future of the Fintech industry.

Prime Minister Narendra Modi addressed the 5th Global Fintech Fest on 30 August 2024.

The Global Fintech Fest is organised by the National Payment Corporation of India (NPCI), the Payment Council of India and the Fintech Convergence Council.

The Fintech Convergence Council was established in 2018 and represents the various regulated financial service providers and fintech companies.

The theme of the 5th Global Fintech Fest was 'Blueprint for the next decade of finance: Responsible AI| Inclusive| Resilient.'

## **22nd Navratna CPSE by the Indian Government**

The government of India has upgraded the status of the Central Government Public Sector Enterprise (CPSE) NHPC limited from Mini Ratna Category-1 to Navratna status.

The status of the NHPC was changed by an order issued by the Department of Public Enterprise (Ministry of Finance) on 30 August 2024.

The upgradation in the NHPC's status will lead to greater financial autonomy for the company's management.

## **Ministry of Women and Child Development Launches SHe-Box Portal**

The Ministry of Women and Child Development, led by Union Minister Smt. Annapurna Devi has launched the new SHe-Box portal, a centralised platform for registering and monitoring complaints of sexual harassment of women at the workplace.

The launch event took place in New Delhi, with Minister of State Smt. Savitri Thakur, Secretary Shri Anil Malik, and other ministry officials in attendance.

The SHe-Box portal serves as a centralized repository of information related to Internal Committees

(ICs) and Local Committees (LCs) formed across the country in both government and private sectors.

It provides a common platform to file complaints, track their status, and ensure time-bound processing by ICs, thereby streamlining the complaint redressal process for all stakeholders.

The portal includes a designated nodal officer for real-time monitoring of complaints, ensuring swift and assured redressal.

Alongside the SHe-Box portal, the Ministry launched a newly developed website to enhance the government's engagement with both national and global audiences.

## **Dr Mansukh Mandaviya Launches "RESET" Programme**

Union Minister Dr. Mansukh Mandaviya launched the "Retired Sportsperson Empowerment Training" (RESET) Programme on National Sports Day in New Delhi.

The programme aims to empower retired athletes by providing them with the necessary knowledge, skills, and opportunities to enhance their employability and career development.

RESET Programme will serve as a bridge between generations, enabling retired athletes to share their rich experiences with the new generation of aspiring athletes.

The initiative is designed to harness the unique skills of retired athletes, contributing to the growth of sports in India and fostering nation-building.

Retired sportspersons aged 20-50 years who have won international medals, participated in international events, or have been national/state medallists in competitions recognized by National Sports Federations, the Indian Olympic Association, or the Ministry of Youth Affairs and Sports are eligible to apply.

## **SEBI Proposes UPI-Like Blocking Mechanism for Securities Market**

The Securities and Exchange Board of India (SEBI) has proposed that Qualified Stock Brokers (QSBs) offer a UPI-based block mechanism for trading in the secondary market, similar to the Application Supported by Blocked Amount (ASBA) facility used in the primary market.

This mechanism allows clients to trade based on funds blocked in their bank accounts rather than transferring funds upfront to the trading member.

The UPI block facility is optional for investors and not mandatory for Trading Members (TMs) to offer.

The Application Supported by Blocked Amount (ASBA)-like facility ensures that funds are moved only when an allotment occurs.

SEBI suggested that QSBs must provide this facility for individuals and Hindu Undivided Families (HUFs) in the cash segment.

SEBI has suggested that QSBs could alternatively offer a "3-in-1 trading account facility"

The UPI block mechanism would be initially available only for the cash segment with restrictions on the number of daily blocks.

## **Finance Minister Announces New Pension Scheme 'NPS Vatsalya'**

Union Minister for Finance and Corporate Affairs Smt. Nirmala Sitharaman made the announcement of a new pension scheme under the National Pension Scheme (NPS), called NPS Vatsalya.

The scheme is designed to help parents and guardians plan for their children's future financial needs, specifically for their retirement savings.

Parents or guardians can open an NPS Vatsalya account for their minor children and make contributions.

The funds contributed will accumulate in the account until the child turns

Upon reaching adulthood (18 years), the accumulated amount will be transferred to a standard NPS account, and the scheme can be converted into a non-NPS plan.

Contributions to the NPS under this scheme are eligible for tax deductions under Section 80C and an additional deduction of up to ₹50,000 under Section 80CCD (1B) of the Income Tax Act.

The Pension Fund Regulatory and Development Authority (PFRDA) is the governing body overseeing the NPS Vatsalya scheme.

### **Nuclear Powered INS Arighat Submarine Inducted into Indian Navy**

The Indian Navy commissioned its second nuclear-powered ballistic missile submarine (SSBN), INS Arighat.

Defence Minister Rajnath Singh inducted the submarine in a low-key ceremony during his visit to the Eastern Naval Command in Visakhapatnam, Andhra Pradesh.

The induction of the second vessel in the planned five Arihant-class nuclear-powered submarines is expected to strengthen India's nuclear triad capability and second strike capability.

Nuclear triad capability refers to the ability of a country to launch nuclear weapons from air, sea and land.

Second strike capability refers to a country's ability to launch a nuclear weapon on an enemy after being first hit by the enemy's nuclear weapon.

Like the INS Arihant, the INS Arighat is powered by an 83 MW pressurised light water nuclear reactor with better stealth (noise) capability.

The less noise a submarine produces, the harder it is to be detected by the enemy.

The 112-meter-long INS Arighat can achieve a maximum speed of 12-15 knots on the surface and up to 24 knots when submerged.
