#### **Scheme for Expansion and Modernization of Fire Services in States**

- The Union Ministry of Home Affairs has launched a “Scheme for Expansion and Modernization of Fire Services in the States” from the earmarked allocation of the Preparedness and Capacity Building Funding Window under the National Disaster Response Fund (NDRF)
- It is to strengthen fire services in the States with a total outlay of Rs. 5,000 crores.
- An amount of Rs. 500 crores, out of the total outlay, has been kept for incentivizing the States based on their legal and infrastructure-based reforms.
- Under the able guidance of Prime Minister Shri Narendra Modi, several key initiatives are being taken to ensure ‘zero death’ and minimum loss of property during disasters by strengthening the disaster risk reduction system in India to make it disaster resilient.
- The Objective of the scheme is to expand and modernize Fire Services in the States with a view that activities for strengthening fire services at the State-level through preparedness and the capacity-building component of the NDRF will be ensured.

#### **The Union Cabinet Approved the DPDP Bill**

- The Union Cabinet cleared the Digital Personal Data Protection (DPDP) Bill.
- The clearance paves the way for the Bill to be introduced in Parliament in the upcoming Monsoon Session, scheduled to begin on July 20.
- Along with the data protection law, the Union government may also table the Indian Telecommunications Bill, a draft of which was circulated in a public consultation last year.
- The telecom Bill would overhaul the Telegraph Act, which is the legal framework for telecom firms and internet service providers.
- The Bill essentially allows laypersons to complain to the Data Protection Board of India,

consisting of technical experts constituted by the government, if they have reason to believe that their personal data has been used without their consent - for example, cell phone numbers or Aadhaar details.

- Bill has a clause for offering voluntary undertaking in case an entity wants to admit that a breach has occurred and pay a penalty as a mitigation measure to avoid court litigation.
- Penalty of up to ₹250 crores could be levied for each instance of the breach with an upward revision of ₹500 crores.
- Fines for individual offences would begin from ₹10,000.
