IMPORTANT DAYS

International Day for the Elimination of Violence Against Women

- International Day for the Elimination of Violence Against Women 2023 is observed on 25 November 2023.
- On November 25, 1960, the Mirabal sisters of the Dominican Republic were assassinated by dictator Rafael Trujillo.
- The sisters, who had been active in movements against the Trujillo regime, were beaten and strangled to death, then placed in a Jeep that was driven off a mountainous road in order to make their deaths appear accidental.
- According to a report by the United Nations, 19 percent of women between the ages of 15 and 49 years of age have experienced physical and/or sexual violence “by an intimate partner.”
- In some cases, this violence ends in the woman's death.
- In December 1999, the United Nations General Assembly designated November 25 as the International Day for the Elimination of Violence Against Women.
